2018 BUDGET RECAP

● 87.5% Tuition Payments

● 12.5% Operations/G&A

Our projected budget for 2019 is on track to keep operating costs at a minimum. We want every possible dollar to be funneled back to the children so we can continue making a difference and supporting their education.

A WORD FROM OUR FOUNDER

Haiti experienced difficult political unrest this past year and with it, Haiti's inflation rate significantly increased. This resulted in the average Haitian being unable to afford staples like beans and rice. An unprecedented number of Haitian

children are experiencing hunger and malnutrition as well as the number of children being relinquished to orphanages is increasing. Nourish Every Child is staying true to our mission focusing on breaking the devastation of poverty, one child at a time.

We are proud to share our 2018 Annual Impact Report. The report highlights the growing number of children our programs are serving and the impact Nourish Every Child is having combating the Haitian poverty crisis. Our program since 2017 has grown from 76 children to over 150 children. These children have been able to enjoy the love of their families, while receiving a high-quality education and a nutritious meal every day. We also added a formal summer program, where 133 of our students benefited from English classes, arts and crafts, sports and the continuation of the meal program. Combating malnutrition over the summer is now a key component of our strategy to beat the cycle of poverty.

Our plans for 2019 include increasing the number of sponsored children by 10% and continued funding of the summer nutrition program.

With your continued support, we will work passionately with the people of Haiti to break the cycle of poverty. In return for your support, we offer you commitment, transparency and results.

With gratitude,

Jennifer Burns
